March 2008

Issue: 1

## Welcome to Airdale Brewing Company!

Dear Tony,  
Welcome to the Inaugural Airdale Brewing Company Newsletter!  
This is an exciting step forward as we move towards production and actual beer in the hands of consumers later this year.

Before that happens, we still have a lot of work to do so keep reading as this newsletter will come out monthly with company updates, special events, and beer related happenings!

If you have any questions or comments for us please email them [here](#).

Cheers,  
Tony Clarke  
Airdale Brewing Company  
Owner / Brewer

## Happenings...

**Beer is on the horizon!** Within the last month, Airdale Brewing has been working on brewing our beers for investors, retailers, wholesalers, and anyone else who is interested in tasting our beer! There are some legal and licensing issues to be worked out (we won't bore you with the details), but the ball has been put into motion!

Our two flagship beers, **Airdale Strong** and **Airdale Horizon**, should begin test production by the end of spring / beginning of summer. More to follow...

The [Craft Brewer's Conference & BrewExpo America](#) will be in San Diego this year from April 16-19. Airdale Brewing will be represented in all facets of the conference, from educational seminars to valuable networking with industry professionals and vendors.

If you happen to be in San Diego during the conference keep a look out for great craft beer promotions and specials all around town, or check back here as we will be keeping our eyes and ears

### Investor News

*At last the investment packages have been sent out for review!*

If you received one, please take a good, long look at all the information. You will get a good feel for how the company intends to operate, what our projected business will look like, and how you can be involved!

After your review, if you have any questions please contact [Tony Clarke](#) with "Airdale Information" in the subject line and a meeting of phone call can be set up to go over the investment package in more detail.

Ultimately we want you, the potential investor, to be completely informed and comfortable with the information provided before you make a decision. Thanks again for the consideration!

open for you!

## Beer Profiles

Over the next few months we plan to introduce you to our flagship beers. Both **Airdale Strong**, and **Airdale Horizon** will debut in San Diego County and we want you to know about them first!

Next month we will post an in depth profile of one of our beers, complete with tasting notes and characteristics. By the time we are done profiling both, there should be some brew to taste for yourself!

## Did You Know?

One of history's most famous aviation feats was the flight of Charles A. Lindbergh from New York to Paris in May 1927.

That flight originated at North Island in San Diego on May 9, 1927, when Lindbergh began the first leg of his journey.
